NUMBER 163

TWO TRACK LAYING MACHINES

For Grand Trunk Pacific Brought In
by First Construction Train

(Special to the Bulletin)
Fort William, Ont., July 13.—The first Grand Trunk Pacific construction train has arrived here. It consists of four engines and coaches. Three engines and most of the cars will be taken this week to points west of Winnipeg. Two track laying machines, with a capacity of two miles of track per day, are also here. One will be taken to Portage.

RAILWAY MEN FINED

(Special to the Bulletin)
Chicago, July 12.—Two former employees, and the Chicago & Alton Railway Company, John N. Fairbairn and Fred Wann, were fined in aggregate \$600.00 by Judge Landis, having been found guilty of a violation of the interstate laws. The company was fined \$40,000 and each of the men \$10,000.

DISAPPOINTED AMBITION

(Special to the Bulletin)
Omaha, Neb., July 12.—A. H. Hennings, former city treasurer, committed suicide by shooting himself. Despondency over recent defeat for nomination for mayor was the cause.

WILL FIRE POLICE BOARD

(Special to the Bulletin)
San Francisco, July 12.—The mayor has asked for the resignation of all members of the police board. He is

HOUSES WILL PROROGUE TODAY

Senator Landry Held Up Prorogation Yesterday

(Special to the Bulletin)
Ottawa, July 12.—Parliament will be prorogued at 12 o'clock tomorrow. It should have been prorogued today, but one of the senators, Senator Landry, held up the bill repealing the act which gave to ex-cabinet ministers a pension of half their salary after five years' service. The government had either to drop the bill or telephone to the Governor General and the military who were ready to come to the Parliament buildings that the prorogation was off. The latter course was taken and prorogation postponed until tomorrow. When the senate met in the afternoon and Landry was face to face with talking for 24 hours or letting the bill go through, he gave up the fight, and the bill was passed and will receive the royal assent tomorrow along with the other measures. Both houses of parliament meet at 11 tomorrow and prorogation takes place an hour later. The Sunday observance bill comes into force March next.

SLAUGHTERED HIS FAMILY

(Special to the Bulletin)
Walterboro, S. C., July 12.—J. W. Ingan, a prosperous farmer, murdered his wife and four children today by braining them with an axe. He went to a neighbor's and calmly told of the deed, explaining that he did not know what made him do it.

SPIKED SWITCH WRECKED TRAIN

Three Killed by Trainwreckers on an Indiana Road

(Special to the Bulletin)
Petersburg, Ind., July 12.—A wreck of a freight on the Southern railroad west of here resulted in the loss of three lives and thousands of dollars. The engineer ran into a spiked switch, and the train left the track. Authorities with blood hounds are searching for the train wreckers.

TELEGRAPH BRIEFS. RIVER STEAMER ASHORE.

(Special to the Bulletin)
Winona, Minn., July 12.—The Diamond Joe line packet Quincy lies grounded near Trempealeau on the Wisconsin side of the river. The steamer ran into a sand bar. All the passengers were saved.

SUICIDE RATHER THAN TRIAL

(Special to the Bulletin)
Elroy, Wis., July 13.—Rather than stand trial for the murder of Millie Ellison, whom he was accused of murdering at Minneapolis on Tuesday, N. M. Riggs, a conductor of the Omaha railway, arrested here yesterday on instructions issued by Chief of Police Doyle, of Minneapolis, committed suicide by shooting at an early hour this morning in his cell, dying immediately.

GLASGOW CAPITALISTS LOSE HEAVILY.

(Special to the Bulletin)
Glasgow, July 13.—A sensation was caused on the stock exchange here by the announcement that the Fresno copper mine in California had been officially condemned. Through this action \$2,000,000 of capital invested here in the mine has been lost.

CHAMBERS OF COMMERCE CONCLUDE BUSINESS.

London, July 12.—With an unbusinesslike rush the business boards of the trade congress was concluded tonight. Crisis of "votes" were interrupted by attempts to discuss important resolutions. The Canadian delegates were faithful to the end. Tomorrow they all go to a garden party at Luton, returning to a banquet at night. On Saturday at Lord Strathcona's a garden party on behalf of the Canadian and Australian delegates will be given. Drummond of Montreal and Morley of Toronto had arranged to entertain Joseph Chamberlain at luncheon Saturday. Owing to an attack of gout the doctor has forbidden Chamberlain to participate in the function. The luncheon was cancelled. The delegates return next week. W. F. Cockshead of Bradford presented the claims of Toronto for the next meeting place, describing it as the most imperial city of the empire. He afterwards withdrew and a vote resulted, Sidney 65, Cape Town, 42; Victoria, 30. By 29 to 24 a resolution favoring the removal of the cattle embargo was defeated.

—The case against Richard Moss for violation of by-law No. 195 was dismissed on conditions that the pigs be removed and the premises cleaned up within five days.

CZAR'S CABINET HAS RESIGNED

Nicholas Trying to Arrange a Coalition Ministry

(Special to the Bulletin)
St. Petersburg, July 12.—Finance Minister Kokovtsov has given authority for the statement that the resignation of the entire cabinet is in the hands of the Emperor. His Majesty is not yet ready to charge the constitutional democrats with the task of forming a ministry and is seeking to compromise the issue by forming a coalition cabinet composed of the more solid of the Conservative and Liberal elements, in the lower and upper houses.

St. Petersburg, July 12.—With the retirement of the cabinet matters in Russia are becoming critical. Strikes are spreading everywhere and discontented workmen are murdering and pillaging, while even Cossacks who heretofore have been loyal to the crown have served notice on their officers that they will no longer act as police. In the Caucasus a state of civil war exists and the Cossacks have been defeated by peasants after desperate fighting in which both sides sustained heavy losses. At Saratoff there has been practically a continuous series of fights between peasants and troops in which the latter lost heavily.

Sevastopol, July 12.—Chuknin, commander of the Black Sea fleet, who was shot on Wednesday by a sailor, died in the hospital without regaining consciousness.

GRAIN PRICES.

(Special to the Bulletin)
Winnipeg, July 13.—No. 1 northern 80 1/2; No. 2 73 1/4; No. 2 white oats 34 1/2; No. 2 barley 40; No. 1 flax 1.05.
Winnipeg, July 12.—No. 1 northern 79 3/4; No. 2 77 1/4; No. 3 75 1/2; No. 2 white oats 34 1/4; No. 3 barley 41; No. 1 flax 1.05.

CANADIANS THIRD.

(Special to the Bulletin)
Belfast, July 13.—The Mackinnon challenge cup match was won to-day by the Scotch team with England second, 25 points behind, and Canada third, 47 points behind England. The match was shot at three ranges, 900, 900 and 1000 yards. The Canadians did well at the first two ranges but put up a poor score at the 1000 yards, all falling away off. Youhill only made 12 out of a possible 50.

LED GUTEAU TO THE GALLOWS
(Special to the Bulletin)
Chicago, July 12.—James Manning, the man who led Guteau, Garfield's slayer, to the gallows, died today a wrecked and broken man, in a stable.

GETTING A MOVE ON

(Special to the Bulletin)
Chicago, July 12.—Secretary of Agriculture Wilson announced today that most of the packers had complied with the laws in so far as the brief time since the passage of the bill allows. He has assurances from all of them that by August they will have their plants in a sanitary condition as required by law.

KILLED BY A TRAIN.

(Special to the Bulletin)
Napanee, July 13.—Drs. Morden, the 14 year old daughter of E. Morden, section foreman, while attempting to cross the G. T. R. track, was struck by a train and killed. She was riding a bicycle and had waited for a ballasting train to pass and did not notice the light engine coming on the opposite track.

NO TRACE OF TODD

Man Wanted For Winnipeg Murder Still at Large

(Special to the Bulletin)
Winnipeg, July 13.—No sign can be found of Harry Wilson Todd, the man wanted in connection with the mysterious death of Georgina Baran, who was found dead in the Imperial hotel Wednesday. The fugitive has disappeared as if into thin air and despite every effort made by the police his whereabouts are absolutely unknown. It was thought at first that he might make for his old home at Brandon, Man., or to some place in that neighborhood, where he was well acquainted, but he has not done so. A close watch has been kept at Brandon, but no trace of him has been found. When he left the city he had but little money, certainly not enough to carry him far from Winnipeg. He was in anything but easy circumstances, and even if he succeeded in getting away from the city of which the police have no doubt, he could hardly have gone far.

MORE PRIZES FOR CANADIANS.

(Special to the Bulletin)
Bisley Camp, July 11.—Corporal W. H. Youhill, of the 99th Regiment, Winnipeg, took second place in the sweepstakes at 800 yards, winning a prize of four pounds. Sergeant Nicholas of the 120th Regiment of Toronto was fifth.

PRINCE ALBERT DEBENT RES.

(Special to the Bulletin)
Prince Albert, July 11.—The city council to-day sold waterworks debentures to the amount of \$38,360 to Aemilias Jarvis, of Toronto, for three per cent. below par and accrued interest. The next highest tender was the National Trust Company. They offered \$32,638 for \$38,360 debentures.

—Messrs. Larue & Picard have instructed Mitchell & Shapcott to sell their entire stock by auction, commencing on Saturday next at 7 p.m., and continuing daily until the stock is cleared. The sale will be absolutely without reserve.

—Didsbury, July 10.—Preliminary trial of T. Fletcher Hutchinson, formerly teller in the branch of the Union Bank of Canada, in this town, who is accused of embezzling \$300 from the bank on September 30th last, was heard before Inspector Duffus, J. P. yesterday. Hutchinson, who was recently arrested in Vancouver, came up from Calgary, on the north train, in charge of Constable York, of the Mounted Police. Evidence for the prosecution was given by Local Manager F. N. Ballard, and Inspector P. Vicot of Lethbridge, tending to show that the accused was short in his accounts to the amount of \$300. The accused, who was not represented by counsel, did not offer any evidence, and was committed for trial before the next session of the supreme court to be held in Calgary.

BLACKS PLANNED AN UPRISING

Johannesburg Warned of Rebellion on Wednesday Next

Johannesburg, Transvaal, July 12.—Disquieting rumors that blacks of Uitland contemplated an uprising July 19, was borne out by the fact that native servants have warned their mistresses to retire to safety. A paper was read at the conference of the Ethiopian church embodying the reports from various districts saying that an uprising has been openly advised.

INSPECTOR OF TI ME SERVICE

A. Bruce Powley, jeweller, has received the appointment of inspector of the time service for the Edmonton-Vermilion district of the C.N.R. It will be his duty to inspect the watches of all the employees on the division every two weeks.

MOTOR BUS UPSET.

(Special to the Bulletin)
London, July 12.—Eight persons were killed and many injured by a motor omnibus overturning and burying the passengers en route to Brighton. Two are dying. Sixteen persons were seriously hurt. There were thirty-four passengers on the omnibus and few escaped injury.

DREYFUS WILL RE-ENTER ARMY

(Special to the Bulletin)
Paris, July 13.—Court martial verdict of Captain Dreyfus by which he was condemned on a charge of betraying army secrets, has been annulled by the cassation court, which reviewed the case. A new trial has not been ordered. Dreyfus will re-enter the army. His promotion to the rank of major has been decided upon.

TURKISH TROOPS LOOSE AGAIN

Murder, Pillage and Outrage in Turkish Armenia

Tiflis, Transcaucasia, July 12.—Alarming news has been received here of horrible ravages by Turkish troops across the border in Turkish Armenia. Soldiers who were collecting taxes have indulged in frightful outrages. The population of the city of Van is nearly destroyed by Turkish troops, who pulled down houses, assaulted women and acted like wild beasts.

WEATHER MAN EXPECTED.

Mr. W. D. Allan, inspector of the meteorological service of Canada, is expected to arrive in the city shortly. He is on his annual tour of inspection of the meteorological stations in the west, and it is said that he will also establish new observatories along the line of the C.N.R. He visited Winnipeg last week.

—Alderman Smith went east last evening by the C. N. R.

—One hundred and seventy-five excursionists took in the glorious Twelfth at Fort Saskatchewan yesterday.

—Mr. Geo. Harcourt, deputy minister of agriculture, returned home yesterday from the Calgary fair.

Celebration at the Fort

A large number of members of the Loyal Orange League gathered at the Fort yesterday to celebrate Strathcona and Edmonton were represented by about thirty members, headed by the Union Jack and a beautiful banner of the former logo. At this point they were met by the local brethren and conducted to their hall.

In the afternoon a program was formed consisting of the visiting Orangemen already mentioned and the Agricola Lodge, about seventy-five being in line. A short march was made through the principal streets to the exhibition ground where speeches were delivered by Rev. Mr. Ridout, of New Brunswick; Rev. Howard and Forbes; and Frank Walker, M.P.P. Mr. Ridout dealt with the history of the Order. Rev. Howard read from the constitution of the Order what an Orangeman is expected to do, and said though he was not a member of the order he hoped the day was not far distant when every Orangeman would live up to the constitution of the Order.

Rev. Mr. Forbes appeared on a half hour's invitation, saying that he supposed it was not the intention to invite him this year, as in his address last year he had stated some plain facts that did not please many of the Orangemen, but they were truths just the same, and he did not intend to go behind the bush this year. He feared the liberty-loving spirit might become tyrannical and deny the liberty (they prided in) to others of a different faith. He also regretted to have to say that he did not believe any of the members lived up to their constitution. If they did they would be examples for good.

Mr. Frank Walker, though not a member of the order himself, recognized among the members many of his loyal supporters and would do his best to earn their esteem and support. Mr. Brown, who introduced the different speakers, proved himself an ideal chairman, closed the meeting by calling upon the audience to join in singing a verse of "God Save the King."

Regina Standard: G. W. Tongue, clerk of the local branch of the Union Bank, has been missing since Tuesday last, though the matter was not regarded seriously by the bank until the end of the week, when a forged draft for \$500, which had been cashed at Moss Jaw, came in, being undoubtedly the work of Tongue, who it thus appears, has got a good start of his pursuers. It is understood that the bank is taking vigorous measures to apprehend the culprit and bring him to justice, and has it that Finkerton men are busy on the case in addition to the R. N. W. M. P.

Strathcona Plander: One of the remarkable developments in Northern Alberta this year is the immense growth of the railway traffic centering in Edmonton and Strathcona. Some thought that when the C. N. R. was completed into Edmonton there would be a great falling off in the C. P. R.'s business. But quite the reverse has been the result. During the last year C. P. R. traffic has increased a phenomenal rate. Their yards in Edmonton are constantly crowded with cars. Miles of siding in Strathcona are filled, also the sidings at Ellerslie, Ooksaw and Leduc, all with freight for Edmonton and Strathcona.

MORE CARS FOR THE C.N.R. Orders have been placed by the Canadian Northern Railway for 550 new box cars to be delivered in time for use in moving this season's wheat crop in Western Canada.

The orders have been given to the following companies—Rhoes, Curry & Co., Amherst, N.S.; 250; Canada Car Company, Montreal, 200; Crossen Car Mfg. Co., Cobourg, 100.

These cars are in addition to 1,600 ordered earlier in the season from Canadian car manufacturing companies, also including 1,000 box cars, 400 flat cars and the remainder of stock and refrigerator cars.

Although several lines in Eastern Canada are controlled by Canadian Northern interests, nearly all of this new rolling stock, together with fifty engines, which have been ordered for this season, are being placed on the lines in Western Canada.

Some of the cars and engines have already been delivered, but all are to be placed at the service of the railway by October 15.

The 550 cars just ordered and the other equipments for this year represents an outlay of between \$3,750,000 and \$4,000,000 and Canadian locomotive and car companies have been successful in filling nearly all these orders.

Mr. D. B. Hanna, third vice-president of the Canadian Northern was asked recently for a statement as to whether the Canadian companies manufacturing rolling stocks were meeting the requirements of the railways in the Dominion in every respect, and as to what conditions necessitated such a large outlay as nearly \$4,000,000 for this year.

"Canadian companies are becoming more and more impressed with the fact," said Mr. Hanna, "that Canadian roads are demanding first class rolling stock. Canadian railways are growing so rapidly and the passenger traffic they carry is increasing in volume so fast that rolling stock which would have answered a few years ago is not quite suitable now."

"Our Canadian roads are looking for the best equipments they can get to handle this increased business, and the locomotive and car companies in Canada appreciate this, and are making an effort to turn out as high class rolling stock as companies in the United States."

The ladies of St. Anthony's church, Strathcona, will hold a big picnic on Walker's flats, next Thursday afternoon and evening. Meals will be served from 5 to 7:30 p.m. Buses free from Edmonton and Strathcona. There will be several special features, and a good time generally.

Winnipeg Free Press: Among the callers at the Free Press this morning were two pioneers, who still entertain pleasant recollections of their residence here in the early days. Mr. John Acheson, a teacher in the public schools in the days of Superintendents Stewart and Somerset, both of whom have since "crossed the bar," and his wife, Mrs. James Acheson, whose recollections of Winnipeg go back to the days when only the site was here; that is to 1887, when he was engaged in reforesting on the Red River. Both gentlemen are now residents of West Hope, N.D., and they are just returning from a trip by the C. N. R. to Calgary and Edmonton, returning by the C.N.R. The both take an interest in Western Canada, which leads them to come back at intervals to revisit familiar scenes and take in what is new. Mr. John Acheson has been investing in Alberta land, and he has some thoughts of taking up his residence out there, and Mr. James Acheson is considering the matter of going into stock raising on this side of the line. He has what he calls a "patent" in North Dakota, which his brother says consists of a thousand acres, and adds that he has the finest buildings in Bottineau county, where he has resided for sixteen years, his barn being 125x60 feet in size and standing upon a stone foundation. Both gentlemen have formed high opinions of the climate, fertility, resources and general desirability of Alberta. They expect to return south to-morrow.

THE DENTIST'S CONVENTION

Drs. J. C. Reid and O. F. Strong returned yesterday from Banff, where they have been in attendance at the annual convention of the Alberta Dental Association. Dr. Reid, in conversation with the Bulletin this morning, said that the convention had been a very successful one. The meeting was held at the Sanatorium hotel and quite a number of delegates were in attendance.

The officers elected for the coming year were Dr. O'Sullivan, Calgary, president; Dr. Auger, Lacombe, vice-president; Dr. O. F. Strong, Edmonton, secretary-treasurer; Dr. Doyle, Calgary, Dr. Bruce, Lethbridge, directors.

Several very interesting papers were read by delegates. Amongst the matters which came before the convention for discussion was the proposed library and club house at Banff. It had been suggested that the association build a club house at the popular summer resort, where members of the association could spend their holidays during the summer, and at which the annual conventions would be held. It was also suggested that prominent professors from Chicago and other places be procured for the purpose of giving a course of lectures, and conducting a summer school at the club house. These suggestions were laid over until the convention next year.

It is the expressed desire of the association to do away entirely with all non-ethical practitioners. The object of the members is to make the association as near a fraternal society as possible, and to overcome any feeling of competition and opposition amongst the members. In this way the public would be better protected from false representations made by any members of the profession. A minimum scale of charges is to be drawn up, which will be adopted by all members of the association. The association will also seek for amendments to their charter which will give them the power of retaining licenses in case of malpractice on the part of a member.

NORTHERN NAVIGATION

Athabasca Landing, July 7.—The Northern Transportation company's steamboat, Northern Light, Captain Barber, left here today for Lesser Slave Lake, loaded with freight for Revillon Bros. The only obstacle to the success of the trip, the rapids on the Little Slave river, being removed, as there is reported a very good stage of water there; meantime, Captain Barber anticipates a successful run through to the west end of Lesser Slave Lake, a distance of about two hundred miles.

Among the passengers on board were Mr. Jean Revillon and Mr. W. W. Short, of Revillon Brothers, Edmonton, who are going on a lengthy tour of inspection of all the posts which that company have recently acquired in the Peace River district. They are going as far as Fort Graham on the Finlay river, B.C., but they expect to be able to return about the last trip the steamboat will make before the lake freezes up.

The captain reckons on making the trip in three and a half days, which is less than half the time it generally takes with York boats, even with the best of weather conditions, they frequently occupy over

MAY BUILD NEW SCHOOL

Edmonton's School Population Requires More Accommodation

The board of trustees of the E. P. P. S. D. met last night in Mackay's school for the transaction of business. The chairman of the management committee reported progress in the matter of repairs to the various school buildings and everything will be in approved condition for the reception of pupils when the school term begins.

A number of communications were received and disposed of. Mr. Fox was appointed caretaker of the high school. The resignation of Miss Lawford was received and accepted, and the secretary was instructed to write Miss Lawford a letter of appreciation for her faithful services.

The principal's report on the attendance for June showed 414 pupils in Queen's avenue, 348 in McKay, 83 in Norwood, 75 in Syndicate avenue, a total of 920.

In view of the rapid increase in the school population of the city the board will have to provide two more rooms after the holidays. The board considered the erection of a new eight-roomed school in the northeastern end of the city but deferred specific action until a future meeting.

The question of building a cement fence in front of McKay avenue school is left in the hands of the building committee, who were instructed to get estimates from local firms as to the cost of constructing such a fence in keeping with the building.

A communication from the Provincial Health officer stated that he had taken up the matter of the nuisance ground with the city council and was assured that such would be abated as the commissioners had made arrangements to have an incinerator established.

Twenty days when they meet adverse winds on the lake.

A SABRE FROM JAPAN

John A. McDougall, of McDougall & Secord, who, in company with his family, is on a tour round the world, sent home from Japan a most interesting souvenir in the shape of a Japanese sabre. The sabre was the property of an officer in the Japanese army and was used in the late Russo-Japanese war. The hilt of the sabre is handsomely mounted, and the blade is as sharp as a razor-edge. The sabre is encased in a beautifully decorated scabbard. Another souvenir from Japan was a model of a Japanese country house, a neat little specimen of the artistic dwellings erected in the flowery kingdom.

A cablegram was received yesterday from Mr. McDougall, sent to his son from Switzerland, where the family are spending a short time.

Mr. John McLellan, who was injured by lightning on Monday evening and rendered deaf and dumb, is progressing favorably at the general hospital. No change has been noticed in his condition, save that he is gaining strength, and is cheerful and alert. The doctors are still very hopeful that he will regain his powers of speech and hearing.

Government will Encourage the Poultry Industry

The provincial department of agriculture proposes to do something this fall in the way of stimulating interest among the poultry raisers of the province. The poultry product obtained on the local market is by no means perfect or as edible as the consumer desires, and it is with the aim of improving the quality of the product and increasing its quantity that the department are undertaking a forward step. The plan proposed is to follow in a measure that pursued in the creamery business though on a more limited scale. The government will work through the patrons of the creameries especially those that are close together, by taking their poultry in the fall and crate, fatten them at a fattening station, and place them on the market, or if need be place them in cold storage to await a rising market and return the profits to the producers.

This process will add from one and a half to two pounds to each bird and will render the meat less tough than one fattened while it is allowed to run the yard.

THE WEST NEEDS FACTORIES
AND THE FACTORIES NEED
THE WEST

An article reproduced in these columns yesterday from the Toronto Globe, ably and very fairly sets forth the advantages of Western Canada as a field for manufacturers who are enterprising enough to seize the opportunity presented by the changing conditions in the west.

At present Western Canada is almost exclusively a farming country and buys its manufactured supplies from the factories of the east. But while agriculture in its various branches must remain for all time the staple industry of the country, there are no good reasons why the west should continue to depend for its manufactured articles on the factories of the east and the best of reasons why such factories should be established in the west.

That there is already in the west an established market of enormous value for all kinds of manufactures scarcely needs to be said for the shipping bills of the eastern manufacturers and the traffic returns from the railways tell the tale in figures more impressive than words. And that this market is expanding and will continue to expand with the most remarkable rapidity requires no proof beyond the immigration returns. So far therefore as the existence and prospect of a market is concerned there appears to be only one side to the story and that side should be understood more clearly by no one than by the eastern manufacturers whose mills are running day and night to fill the western orders.

The geographical situation of the west, and the freight rates which are in consequence charged on every imported article should weigh in the minds of the men who make things. Added to the price which the consumer must pay the maker and dealer in manufactured articles coming from Eastern Canada is the tax levied by transportation companies for bringing the goods here. It is true that railway competition is developing in the west and that railway competition lowers freight rates. But the most that can be hoped from railway competition is that the rates will be brought down to the standard of producing a reasonable revenue on the money invested in the railways. No amount of railway competition can annihilate the 2,000 miles between Toronto and Edmonton, and so long as goods continue to be hauled from Toronto to Edmonton, so long must transportation charges over this long haul be paid by the maker in Toronto or the consumer in Edmonton. Whether the charges are paid in whole by the Toronto maker or by the Edmonton consumer or in part by each the conditions are equally good for the manufacturer whose factory is located in Edmonton. He is sheltered from competition by a tariff which no government can abolish. And the amount of that tariff should in itself afford a reasonable margin of profit to the Edmonton manufacturer. If manufactured goods can be produced in Edmonton for the price they are sold at in Toronto the freight charges saved by the Edmonton maker should yield him a handsome return.

The west supplies the raw material for a great many lines of manufactured articles which are at present made in the east and re-shipped to the west. Western wheat is shipped east, ground, manufactured into biscuits, shipped back and sold in the west. Western grain is shipped abroad wherever a market can be found and the western market largely supplied by cereals manufactured in Peterborough, Ont. and Battle Creek, Michigan. Western cattle and hogs are exported alive and the west imports canned meats and bacon in enormous quantities. Western hides are sold in eastern markets, made into boots and re-shipped west and sold to the men who raise the cattle. On each of these classes the westerner first as producer of raw material and second as purchaser of the finished product pays the freight to the east and back again to the west, together with the profits demanded by the several traders through whose hands the article passes in its round-about course. The western manufacturer could purchase this raw material in the west at the Toronto price less the freight and could sell his products in the west at the Toronto price plus the freight. There ought to be dividends in business on that basis, even supposing the cost of production in the west were as great as the selling price in Toronto.

But there is no apparent reason to suppose that the cost of production in the west would be permanently higher than in the east. Coal is produced at Edmonton in unlimited quantities at a cheaper price than anywhere else in Canada. Natural gas is produced at Medicine Hat at probably as low a price as anywhere in America. Nearly every western stream is capable of developing water power. The cost of producing power for factories should therefore be at a minimum. The cost of labor might be temporarily higher in the west for the demand is brisk in all sections but the factories once started the supply of labor would soon regulate itself and this item would be found ultimately probably no more costly than in the east.

That while offering these advantages the west should continue long to import its manufactured goods from the east is not to be supposed. The eyes of the American capitalist are on the west and he may be depended on to lose no time in invading a field where the opportunities for profit are so alluring. The west must have factories and will have them and that without lengthy delay. Western Canadians would prefer to see the field occupied by their countrymen, but if through lack of faith or lack of enterprise the Canadian manufacturers do not rise to the occasion they will have themselves to thank for the lost opportunity. It is true that the west needs the factory; it is not less true that the Canadian manufacturer needs the western market and that he can retain it only by coming west.

In a few weeks the Canadian Manufacturers Association will tour the west in a body. It is to be hoped the result of their visit will not end in sight seeing, but that they may be seized of the splendid opportunities awaiting them and of the fact that these opportunities will not await them long.

G. T. P. TELEGRAPH LINES.
(Special to the Bulletin.)

Winnipeg, July 12.—A. B. Smith, general manager of the Grand Trunk Pacific Telegraph, left this morning for Portage. He said: "Our nited States connections have not yet been made. We may use the Western Union or Postal or both. The Grand Trunk Pacific line, when completed will be the greatest in Canada. It is our aim to make them as universal as possible. The telephone permit in the charter is there because we may at any time wish to operate a long distance service. There is no present intention of competing with the Bell people, but if opposition to the Bell company looks good it may be done. We may install rural phones."

Westmount

Because it is near the G.T.P. yards etc. It may be that there are some people who are fond enough of coal dust and smoke, the rumbling of trains, the tooting of whistles and the ringing of bells for twenty-four hours every day, to want to live somewhere within half a mile of what are bound to be very busy railway yards but we believe there are some people who would just as soon live a little farther away.

We ask you to buy

Westmount

Because it isn't near the G.T.P. or any other yards Just put on your thinking cap, size up the situation and arrange to buy where the choice residential property can be had. The G.T.P. yards are going to prevent the city growing Northward. As it is bound to grow it must grow East and West. WESTMOUNT is undoubtedly the finest suburban property in the West End. Just outside the city limits on the St. Albert road—between the West end city park and the city.

STRATHCONA NEWS ITEMS

The Bulletin's Daily Budget From the
Sister Town

Strathcona, July 11, 1906.

The Rev. C. W. Corey returned home this week after an absence of about five months, which he spent in the Maritime Provinces in missionary work.

Miss Braton of Strathcona went south today on the 4 p.m. train.

A new tennis court will be opened next Saturday afternoon at 4 p.m. on J. H. Frauter's lawn, corner of Oliver avenue and Cameron. Refreshments will be served by the ladies. A cordial invitation is extended to all interested parties.

The new steel tank for the power house auction will be here and will soon be put into position. It was manufactured at Polson's Iron Works, Toronto and has a capacity of 144 cubic feet.

Mr. Ed. Lyne of the Gainer Meat Co. left today for Vancouver B.C. with a load of hogs for that western market in which Alberta hogs command a good price. We understand Mr. Gainer finds this export trade very profitable.

H. D. Hutton, brother of J. D. Hutton, stationer, has been in town about two months and likes our climate and has a good opinion of Alberta's future. He is from Victoria County and has sold out one of his farms there and has come west to settle in Alberta.

On Tuesday, the infant daughter of Mr. and Mrs. J. J. McKenzie died at the family residence here.

Miss M. Kille, of Brampton, is up on a visit to her sister Mrs. Wallace Thomas, of Strathcona. She will remain several weeks in Northern Alberta.

J. J. Mellon and Mr. Bernatti left town on the 4 p.m. train for Calgary to participate in the 12th of July festivities in the southern city.

Miss Fisher of the Douglas stationery staff is now on duty at the Edmonton store, owing to the absence of some of the staff.

Messrs. Buckmaster and Potter have come up from Minnesota, U.S., for the purpose of securing land either by homestead or purchase. They are now seeking a suitable location.

Mr. Stenrod of the Pembina came in last night for a load of supplies for Mr. Dunlop's store near the Pembina. He has good reports to give of that region. He is from the U.S. and is much pleased with Northern Alberta.

Mr. Waters came up a few days ago from Fernie, B.C. He is connected with the Elk River Lumber Co. and is here for the purpose of purchasing about 16 heavy teams for lumber work in B.C. He has succeeded in already securing several teams for his company.

Strathcona, July 12, 1906.

Mr. Huber of Berlin, Ont., travelling representative of the Montreal Aluminum Manufacturing Co., came into town yesterday in the interests of his firm. This gentleman has just come from the Pacific province and is amazed at the extent and the rapid development of the west. He purposes visiting the different hardware firms in the province on his way east.

Mr. O'Hara, ex-proprietor of the Windsor Hotel, here was in town yesterday. He was in the hotel business in old Battleford for about two weeks and sold out his interest there at an advance of about \$2,000. This is a good showing for a couple of weeks' work. Mr. O'Hara has some little business to clean up here, after which he purposes to again go into the hotel business.

The old electric power house near the town hall is now being shingled and renovated. We understand it is to be transformed into a general store house for town supplies.

Messrs. Davidson and Wolfe, builders and contractors, have just received from Goldie & McCullough's Winnipeg House, a modern band saw, which they hope to soon have in operation. This firm is very busy at present and find difficulty in keeping up with the orders coming in.

Mr. J. Ross, B. A., Inspector of

schools in town now, having finished his duties as presiding examiner at the departmental examinations at the capital. Mr. Ross purposes at an early date to inspect the summer schools of his district.

Mr. A. Schatz, a farmer in the Strathcona district, reports having fallen in his neighborhood but that no particular damage was done.

Messrs. Clement, Purdy and Cook, came in a few days ago, the two former from Ohio and the latter from Michigan, U.S. They have come up for the purpose of securing some good land and becoming Canadian citizens. They are at present at the Alberta, here.

Mr. McLeod came up from Ontario a few days ago to join his brother, who is at the capital. He is much pleased with the outlook here and intends to remain in Alberta. He has joined the staff of T. Malone, merchant, Whyte avenue.

Mr. H. Wilson, of the Strathcona Real Estate Co., is making many changes to his buildings on Main street north.

Mr. Lavigne of Whyte avenue east, sold his large boarding house "The Alberta" corner of Main street and McDonald avenue to Sam Lee a Celestial who keeps a restaurant on Main street south. The consideration is said to be \$6,500. We understand Judge Tipson and sons put the deal through.

Several citizens of Strathcona journeyed this morning via the C.N.R. to Fort Saskatchewan to take part in the 12th of July Orange celebration there.

Mr. Lemotte, late of Saskatoon, has joined the C.P.R. clerical staff here. Mr. Lemotte has been here now a couple of weeks and speaks well of Northern Alberta.

Alderman McFarland came in from a business trip on the 3.30 p.m. train from the south.

The Brook Bros. have received the contract of lathing the large boarding house (McLeod's) on Anderson avenue and are now busily engaged at the work.

Mr. J. Malr is building a fine modern residence on Oliver avenue near Mr. J. H. Trainer's residence.

CANADIAN WON THE CHAMPIONSHIP.

(Special to the Bulletin.)

Englewood, N. J., July 12.—The west lost its chance to retain the national amateur golf championship when Chandler Egan, who has held the title for two years, was defeated by Geo. S. Lyon, of Toronto, in the twelfth hole. The match was a sensational struggle, being viewed by a gallery of a thousand persons.

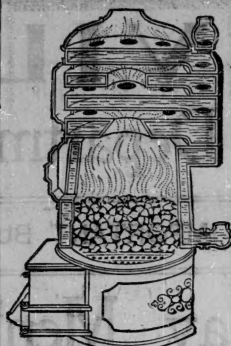

CELEBRATIONS OF THE TWELFTH Toronto, July 12.—The annual parade of Orangemen here to-day was the largest in the history of the city. Among those in the carriages were George dignitaries from Great Britain and South Africa, who were here to attend the triennial convention.

1. Carberry, July 12.—Not in the history of the west has a more enthusiastic celebration of the glorious twelfth occurred than that which marked the festivities in this town to-day. Fifteen thousand people participated in the event. Winnipeg supplied a considerable portion of the visitors but all parts of Manitoba were represented.

Minneapolis, Minn., July 12.—The twelfth was celebrated here in a most loyal manner. Four special trains from Yorkton, Brandon, Portage and Russell brought four thousand Orangemen to Minneapolis.

WILL STUDY CANADIAN TRADE CONDITIONS.

Ottawa, July 12.—Richard Grigg, who has been commissioned by the British Government to study trade conditions in Canada, has reached Ottawa. Grigg will spend from eight months to a year in this country. The chief purpose of his visit is to ascertain the best means of establishing British commercial agencies in Canada. Grigg himself throws no light on his mission. He is extremely courteous but a reserved man. "I have just arrived," he said to a reporter, "and I cannot tell what course my work will take." Mr. Grigg says the British Government is always on the alert with regard to building up trade with Canada. The administration lies with the Board of Trade, the department over which Lloyd George presides. Asked if it was the policy of the new Government to pay more attention to Canadian trade, Mr. Grigg only smiled and declined to give an opinion. "Ah, that's thin ice," he said. Mr. Grigg will be in Ottawa four or five days conferring with the officers of the trade and commerce department and will also see the Minister. His future course will depend upon the advice they give him. An idea of the extent of his work may be judged from his itinerary, which includes a visit to all parts of Canada.

(Special to the Bulletin)

Warsaw, July 12.—The Jew of Warsaw and Lodz are in absolute panic following the intimation received by their leaders that a general massacre has been planned for Thursday. They are remaining close within doors and members of Jewish bands are arming to resist. The proposition for a general flight of Jews from the cities is being advocated, but many are unable to leave their homes, being practically penniless.

ADMIRAL WOUNDED

Sevastopol, July 12.—Munichers attempted this afternoon to assassinate Vice Admiral Chukotin, who commands the Black sea fleet. The Admiral was wounded and taken to a hospital.

DEMETER LINER LOST
(Special to the Bulletin)

Halifax, July 12.—Three tugs have gone to the assistance of the Elder Dempster liner Angola which struck on the rocks at Louisburg, C. B., yesterday, en route from Vera Cruz to Montreal. The steamer will be a total loss. The crew of the ship, 40, and the passengers are safe.

STABBING AFFRAY AT GALT
(Special to the Bulletin)

Galt, July 12.—John J. Groves, a plumber, got into an altercation with Wm. West, a hostler, and the two retired to the rear to have it out. In the encounter Groves drew a clasp knife, and stabbed his antagonist eight times, coming close to his heart. Groves was seized by onlookers, but broke away and is still at liberty. West's condition is critical.

(Special to the Bulletin)

Carberry Man, July 12.—Loyal Orange Lodges from many places in Manitoba are represented here to-day by hundreds of their members and friends. Two special trains arrived from Winnipeg carrying upwards of four thousand people. Since early morning people have been driving in from surrounding towns and villages, and by the time the program commences Carberry will hold the largest crowd in her history. Speeches will be made by all the principal Orangemen of the province. A program of sports has been arranged and a baseball tournament will also be held during the afternoon.

PROMISING PROSPECTS.
(Special to the Bulletin)

Winnipeg, July 12.—The Canadian Pacific report, issued to-day, brings abundant assurance that prospects indicate the largest grain yield in the history of the west. At almost every point the weather has been favorable for grain, which is making rapid progress towards maturity. Warm weather and frequent showers have combined to cause an almost abnormal growth, and in all districts wheat is heading out nicely. In many sections all the wheat is completely headed out. Grain is needed at some stations on the Estevan and Brandon sections.

LOCAL

—The June rainfall was 4.19 inches.
—The province is spending \$309,000 per year for teachers' salaries.
—The argument re the isolation hospital inquiry was heard before Judge Harvey in Calgary yesterday.
—The ferry across Athabasca river at the Landing is completed. Operations will soon commence on the government road to the Lesser Slave Lake.
—The Ladies Aid of the Baptist church gave a very enjoyable lawn social at the home of Mrs. Young's, Clark street last evening, at which a good man were in attendance, and spent a pleasant time.
—Miss May Florence Bertram, daughter of Mr. and Mrs. W. N. Bertram, 420 Sutherland street, died yesterday afternoon at her home of acute appendicitis and will be buried today. Mr. Bertram and family lately came from Morley, Manitoba.
—Mr. Louis Couture brought to the Bulletin office yesterday from Athabasca Landing samples of wheat, oats, and barley. The wheat is four feet high, the oats are four feet three inches and the barley is the same length. These samples were grown on the farm of Geo. Shank, of Athabasca Landing, who has a whole field of the wheat. Mr. Couture says he has seen nothing to equal it on the whole way down from the Landing. The samples may be seen in the Bulletin window.

SPORTING NOTES

TONIGHT'S GAME.

Weather permitting, the Strathcona and Edmonton lacrosse teams will cross sticks in a game this evening on the Second street grounds, commencing at 7 o'clock. The exhibition will be worth big gate receipts, and will be for blood from the drop of the hat. The Edmonton team will be selected from the following players: Anderson, Banford, Glass, McQueen, Chester Banford, Watkins, Sheppard, Maloney, Thompson, Morris, Harris, Shaw, Bolander, Powers, McLaughlin, Bluet and Bristow.

The lacrosse team had a good practice last evening, the majority of the boys turning out. The team will be in good trim for the game tonight with Strathcona, and will give the red-sweater men a strenuous time of it. Admission to the game will be 25c.

FOOTBALL

The following comments on the football game between Edmonton

and Strathcona on Monday evening are from the Strathcona Plaindealer:—
Punctuality is a virtue the Strathcona boys ought to cultivate. The bus was timed to start at 7 o'clock, but only left about eight.
During the second half, Morgan, Edmonton's inside left, got his knee twisted badly in heavy checking and the game was stopped.
Edmonton boys ought to have their field marked off and goal posts painted white.
Combination was at a discount last night and later the match proved a pure fiasco.
The homeward journey of the party of fifteen Strathcona boys was anything but pleasant. Everyone was drenched. The accompaniment of a very vivid and brilliant kaleidoscope of lightning and rattling of thunder was wild and grand. The company presented a sorry spectacle when they arrived at Whyte avenue, about 10 o'clock.

THE RIFLE

The regular practice took place on Thursday, but as clouds obscured the sun shortly after shooting began this spoiled what at first gave promise of being a very fine evening's scoring.
The 600 yards range was difficult owing to falling light and those who shot in the second squad at this range deserve great credit for their scoring in spite of the dark, as they only completed the range at 9:40 p.m. The scoring was as follows:

	Yards.
200 500 600 Tl.	
G. A. Reid	29 27 28 84
D. Blaset	30 31 31 92
J. Carmichael	26 30 26 82
W.S. Weeks (2nd squad)	29 29 22 80
A. S. Lyon	25 26 20 71
T. S. Thompson	23 30 15 68
S. Morton (2nd squad)	22 30 30 82
J.E. Clark (2nd squad)	18 23 19 60
J. Carmichael,	
second score	30 29 26 85

All members are requested to turn out on Saturday for the final match of the C. M. R. league series. As six or eight members purpose going to Calgary to take part in the T. R. A. matches there next week, any who desire to leave on Saturday afternoon's train may put on their scores in the morning, as the range will be open from 9 a.m. for that purpose.
The benches at the baseball grounds were lined with a jubilant crowd of fans last evening when a hot bunch of ball twisters calling themselves "The Civil Service Nine," waded into a gentlemanly dressed up, high collar team from the city banks. It was a fireworks exhibition of ball, and the bunch on the bleachers had their fun out of it. The teams were: Civil Service, Wilson, c.; Trowbridge, p.; A. S. Stewart, 1st; Deaton, 2nd; Nanaway, s.s.; Haskell, 3rd; R. A. Stewart, l.f.; Burley, c.f.; Maggie, r.f.; Bankers; McKenny, c.; Dock, p.; Knott, 1st; McDermott, 2nd; Tait, 3rd; King, s.s.; Criss, l.f.; Heffernan, c.f.; Magill, r.f. The score was:
Civil Service—1 10 20 0 10 x—5 90
R.H.E.
Bankers—0 0 2 10 0 0 0 0—4 60
